

KING EDWARD VII EQUESTRIAN STATUE FLOATING DOWN THE DON

Performance Main Viewing Spot
 Want to know more about the performance, and view it from the best vantage point? Head to the Riverdale pedestrian bridge for more information about the artists, Life of a Craphead, and the history of the King Edward VII equestrian statue.

Other viewing spots
 Be on the lookout for King Edward VII and his horse, floating in the Don River along the Lower Don Trail. You should be able to see him at the Queen St. E. bridge, the Dundas St. E. bridge, and the Gerrard St. E. bridge. When you spot him, share your photos with #ArtintheDon.
